

Emergency First Aid at Work+AED - FAIB Approved

First Aid equipment including AEDs and first aid trained personnel at the workplace are requirements of Health & Safety law. In emergencies, Emergency First Aiders can act to prevent situations becoming major issues and can limit potential sick leave through prompt action.

Cost: from Â£445 for up to 12 students on your site

Course length: 1 day

This course is for: Employees who have been nominated as Emergency First Aiders for their workplace. If your risk assessment has shown that First Aiders are not necessary, then this course will provide the skills and knowledge required for Emergency First Aiders to render necessary First Aid in an emergency situation including use of an AED. The course is also suitable for those who wish to gain knowledge of emergency procedures & a FOFATO approved qualification in First Aid.

Certificate: A 3 year Certificate of Competence (FAIB approved) will be awarded on successful completion of the course and assessment.

For bookings contact: Nigel Sivyer Tel: 01322 666 404, Mobile 07960 937 120, Email info@firstaidcourses.co.uk

Aims

To provide Emergency First Aiders with the knowledge & skills to summon help & give safe, prompt & effective emergency first aid to a casualty in the workplace following an injury or illness using materials to hand and/or HSE approved first aid equipment including an AED.

Objectives

By the end of this course, the student will be able to:

- State the role of the Emergency First Aider
- Carry out a primary survey of a casualty
- To place an unconscious casualty into the recovery position
- Carry out effective rescue breathing to current Resuscitation Council guidelines
- Carry out effective CPR to current Resuscitation Council guidelines
- Know when and how to use an Automatic External Defibrillator (AED)
- Recognise and deal with Minor & major cases of bleeding
- To recognise and treat a patient suffering from medical shock
- Recognise & treat medical emergencies as identified by student group.
